

Eurometaux seeks to recruit an:

Sustainability Manager

Eurometaux, the association representing the European non-ferrous metals industry, is seeking to recruit an Expert in Sustainability related policies (Circular Economy, recycling, value chain management, raw materials strategy, resource management, product environmental footprint ...). He/she will lead the related Eurometaux activities and report to the Director-General of the organisation.

Responsibilities:

- Organise and manage the Eurometaux's Sustainability Committee and related working groups;
- Monitor developments in Sustainability related legislation and policies relevant to the industry (Circular Economy, recycling, value chain management, raw materials strategy, resource management, product environmental footprint, etc.)
- Analyse such developments & draft position papers or other materials, through member coordination
- Develop and execute advocacy campaigns on main priorities in close coordination with the members;
- Coordinate positions and advocacy with national and other European industry associations;
- Represent the association towards EU institutions (Commission, Council, Parliament)
- Support individual metals sectors and companies on specific cases if required;
- Act externally on issues of relevance to the European non-ferrous metals sector.

Skills & competencies:

- Relevant university degree (preferably a degree in economics, law, or political science);
- Strong professional experience (minimum 5 years) with similar EU advocacy campaigns;
- Well-developed understanding of the functioning of EU institutions;
- Established personal network inside EU institutions;
- A good knowledge of the constraints of the metals industry would be an asset;
- Strong, result-oriented personality with excellent organisational, communication & presentation skills;
- Ability to work autonomously in a small team;
- Efficient in communication with colleagues, members, and EU policymakers
- Commitment to the significance of industry for Europe;
- Excellent English (both spoken and written); other major European languages would be an asset;
- Digital-savvy, with a modern approach to public affairs & communication.

**Please send your application and CV to the attention of Elena Antonakopoulou,

About Eurometaux

Eurometaux, the European non-ferrous metals association, represents the enterprises and organisations that make up the broad non-ferrous metals supply chain – from mining and refining to processing, fabrication and recycling. Europe's non-ferrous metals industry has an annual turnover of €120bn, and creates 500,000 direct jobs and over 3 million indirect jobs in Europe.
